2nd DEBRIS PUSH STARTED TODAY

The debris contractor showed up today and started the 2nd push on Kennedy Drive. Again, starting at the very north end of town and working their way south. Vegetation/Yard Waste will be picked up on this run. Appliances will be collected during the final run prior to Thanksgiving.

Reminder - Please don't place any debris on any property other than your own (no parks or cul-de-sacs) and if having a private contractor remove debris, advise them it must be taken to a licensed debris site.

FEMA INSPECTORS GETTING CLOSER

We were told on Monday that FEMA was seen in the towns to the north of us. They continue to make progress in our direction.
