

## Building Permit/Volunteer Update 10/18

(Please see previous updates for additional important information)

**All updates available on [townofnrb.com](http://townofnrb.com)**

**Our Building Official, Randy Spears, has notified us that they are restricted from issuing any building permits, other than electrical or mechanical, until FEMA completes their substantial damage estimates. There is no timeline on when that will be completed as of now.**

**In the meantime, he asked us to share the link below. He has indicated it includes helpful information on explaining how the 50% FEMA rule works.**
